ABOUT US

Together leaders, innovators, researchers, and professionals from diverse fields to exchange knowledge, foster collaborations, and inspire new ideas. Organized by Neo Art Excellence Hub, these gatherings are designed to celebrate achievements, share advancements, and shape the vision for future growth.

Our Purpose

We believe that technology alone doesn't change the world —people do. That's why we created a space where clinicians, AI developers, academic researchers, startup founders, investors, and health policymakers can come together, challenge ideas, and co-create the future of medicine.

What Makes Us Different

Interdisciplinary Focus: Medicine, Data Science, Ethics, Regulation, and Product Hybrid Accessibility: Global webinars + local impact through physical summits Interactive Format: Use-case demos, panels, and real-world case studies Outcome-Oriented: Abstracts, publications, investor pitches, and awards Emerging Voices: Special emphasis on early-career innovators and researchers from developing countries

Scientific Themes

- Biomaterials in Cellular Therapeutics
- Manufacturing Automation in CGT
- Clinical Translation of Gene Therapies
- Immunotherapy for Solid Tumors
- Next-Generation Vector Engineering
- Advances in CAR-T Platforms
- Stem Cell-Based Regeneration
- CRISPR and Precision Gene Editing
